TECHNICAL SKILLS

- Frontend: HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Bootstrap
- Backend: Node.js, Express.js, REST APIs, Next.js basics
- Databases: MySQL, MongoDB, PostgreSQL, database fundamentals
- Tools: Git, GitHub, VS Code, Postman, Vercel

LANGUAGES

- English
- Dari
- Pashto

CORE STRENGTHS

- Problem solving
- Responsive design
- API integration
- Team collaboration
- Continuous learning

MOHAMMAD MUJTABA SEKANDARI

MERN Stack Developer | Frontend Developer | Data Science Learner

Motivated technology learner and developer with practical experience building responsive web applications, integrating REST APIs, and contributing to real-world software projects. Strong foundation in frontend development, backend fundamentals, databases, Git-based teamwork, and continuous learning, with growing focus on data analytics, machine learning, statistics, and AI-driven problem solving.

CAREER OBJECTIVE

To contribute as a MERN Stack Developer and continue growing in data science by applying web development, database, and analytical skills to build useful real-world digital solutions.

EXPERIENCE

Frontend Development Intern | Upskill — **2 Months - Present**

- Develop responsive web applications using React.js, JavaScript, HTML5, CSS3, Tailwind CSS, and Bootstrap.
- Integrate REST APIs and collaborate on real-world, industry-focused projects.
- Use Git and GitHub for version control, code sharing, and collaborative teamwork.
- Apply debugging, problem-solving, and testing practices to improve application reliability.

PROJECTS

EduCore
Educational platform project focused on digital learning workflows, React routing, Tailwind CSS, and responsive UI.

Manzal
Afghanistan business directory platform concept connecting users with local services and business information.

Hanzalah Supermarket
Retail dashboard and supermarket workflow project for product and business management.

Student Management System
Application concept for managing student records, academic information, and administrative workflows.

Barcode Attendance System
Attendance tracking solution using barcode-based identification and structured records.

EDUCATION

English Language Diploma | Jahan University — **Currently in 6th Semester**

SCHOLARSHIP & LEARNING KEYWORDS

Data Analytics | Machine Learning | Artificial Intelligence | Statistics | Python-ready Learning Mindset | Web Development | REST APIs | Databases | Problem Solving | Continuous Learning
